DIRE DISTRESS.

Three Million Needed to Aid Sufferers in Near East.

This week we print a page in the interest of the campaign for relief of millions of people in unparalleled distress in the near East. S. M. Naff, the county chairman, feels certain our people will respond liberally if they are made to realize the appalling situation.

The Kentucky Council of Defense has adopted and asks your support for the campaign for relief of millions of people in unparalleled distress in the near East. This campaign has government status in that the relief which in the near east can be furnished by private contributions alone will be administered under the supervision of the government. President Wilson has authorized relief. President Wilson has authorized relief.

The campaign asked of our handling food relief is not in any way to take the place of the government's relief. It is a contribution in the near east. This subscription will not be interrupted or reduced, need is immediate and very.

Please arrange for all possible assistance from your entire organization.

The needs of the Armenians, Syrians and Persians are greater than those of any other people of any other part of the world, and their sufferings have now beyond conception. That you will through your county council, co-operate in every way possible with the campaign committee which is undertaking to raise your county's quota of the fund needed for their relief. The time limit for the campaign in Kentucky is the week beginning January 26.

SOME RACE.

Cloyd Mansfield, City Prisoner, Makes Dash for Liberty.

Cloyd Mansfield, one of the trio of young men convicted in city court of gambling and placed on the street to work out his time, made a dash for liberty Thursday afternoon while under guard of Officer Joe Wall. With a little assistance Mansfield would be a wonder on the truck. Wall, who is really built for speed, could not gain any on the fugitive, although he had two blocks to test his speed. He is now being sought by W. A. Dodds to stop Mansfield from gambling and threatening to arrest him to his great hostility in July if he did not stop. Mr. Dodds' delicate and diplomatic manner of persuasion prevailed and Mansfield broke his gait. Officer Wall took him back to the job and attached a ball and chain to his ankle. Cloyd hails from Dresden, Tenn.

HAD NO OWNERS.

10 Pints and 12 Quarts Liquor Found When Officers Make Raid.

Sheriff Walker has ten pistols and twelve quarts of liquor which seem to have been lost, strayed or stolen. He is company with officers Hamby and Wall, found them lying around on the ground outside the restaurant of John Speight, a negro, who has his place of business just east of town.

The officers were making a little quiet raid on the place Saturday night, but the lunch got "wind" of their coming in time to unload a lot of personal property. Of course there were no owners. All that booze and firearms must have been dropped by a German Zeppelin. Three, however, were caught napping—Al Winston, Dolphie Miller and one other negro—were caught with their short guns in their pockets and arrested on charges of carrying concealed deadly weapons. The negroes, young arsenal and booze were all brought to town and locked up.

LIBERTY, AS SHE GREETED RETURNING SOLDIERS

Aside from their own mothers, there is neither mother to American soldiers that stands silently in New York Bay, watching and waiting for her sons who are returning by the thousands daily. This remarkable photograph shows the Statue of Liberty on Bedloe's Island as an airman sees it. The tents and buildings constituting Fort Wood are plainly visible.

HEROIC ACTION.

Hickman Negro Cited for Valor On Field of Battle.

Under General Orders No. 38, his Division Commander Martin cites the heroic action of Sergeant Rufus Atwood, son of Pomp Atwood, colored, of Hickman, in the following worded order:

"The Division Commander desires to call the attention of the entire command to the excellent work and meritorious conduct of Sergeant Rufus Atwood, 1974347, 325th Field Signal Battalion. On the morning of November 10th, 1918, while returning to the southwest in front of a German shell struck the horse in which the switchboard was being operated, breaking all the lines. Sergeant Atwood rendered valuable assistance to the officer in charge in reconstructing the switchboard and in starting new lines under shell fire. When the ammunition dump began to explode in the same neighborhood he remained on the job, taping new connections. After explosions were made from the first explosion, there were two to follow which completely wrecked the switchboard and tore out all the lines which were in at first and had been newly fixed. Sergeant Atwood was left alone and he established a new switchboard and the same connection they had at first. The coolness with which he went about his work and the initiative he took in handling the situation justifies his being mentioned in orders."

U. D. C. NAMES DELEGATES.

The Private Robert Tyler, Chapter U. D. C., at their last meeting appointed the following delegates to the National Convention of the Daughters of the Confederacy, which will be held in Louisville from the 1st to the 15th of April: Mrs. C. L. Walker, Mrs. J. A. Fulton, Miss Lela Shaw and Miss Frankie Reid.

A letter from the Lieutenant of his Company has been received by Mrs. Agnes Owens, mother of Henry Owens who was reported missing in action some time ago, advising her that he could give her no further information regarding her son, that they knew nothing further than that he was missing, having been unable to learn anything further of him.

Following the death of County Clerk W. B. Samuels, of Hickman county, the county judge appointed Marshall Shyden Clerk pro. tem. until the appointment to continue until the November election, when a clerk will be duly elected by popular vote.

Misses Annie Lee Brown and Mary Tempa Burnett spent Saturday and Sunday in Fulton the guests of Mrs. Bailey Huddleston.

The casualty list carries the name of another Fulton county boy—Corporal Robert M. Ethridge, of Fulton, who "died of disease."

Misses Amanda and Mary Lee Roper have returned to Tippecanoe after a visit to Miss Inez Roper.

C. G. Schlenker and wife returned Friday from St. Louis where they spent a few days.

S. J. Shock, of Paducah, was here latter part of last week on business.

COAL PRICES.

To Remain About Stationary Local Dealers Believe.

Milton Speedlin, J. A. Farris and other local coal dealers do not believe that the price of coal here will be materially affected soon by the recent order of the fuel administration discontinuing maximum prices on bituminous coal and coke and eliminating the zone system of distribution.

The general opinion of Hickman coal men seems to be that the power of fixing fuel prices has now been transferred from the hands of Lucie Sam to the hands of the weather man. Another cold wave soon would be certain to mean an advance in coal prices. Continued mild weather on the other hand, may mean that the prices will remain stationary or even drop slightly.

Although coal men would not admit that any advance would come unless made necessary by a greater demand, it is understood that some of them feel that the profit margin allowed by the government has been entirely too low. However, without exception, they say they are not contemplating any radical boost in prices to help out of this dilemma.

While the date of the election is slightly remote, it is however known that Judge Frank Gardner will not be a candidate for reelection to the office of Circuit Judge, and friends of Judge B. T. Davis are endeavoring to bring him out as a candidate for this important place.

Ed M. Ligon doubtless has the most profitable sow in Fulton county, a red Duroc, which is the mother of twenty piglets. He also has another with twelve. Such stock should be retained for breeding purposes.

HUBBARD PRES.

Farmers & Merchants Elect Officers at Annual Meeting.

At the annual meeting of the stockholders of the Farmers & Merchants Bank Friday evening, officers for the institution were elected as follows:

Dr. J. M. Hubbard, President.
R. M. Isler, V. President.
C. B. Travis, Active V. Pres.
B. C. Ramage, Cashier.
J. J. C. Bondurant, R. E. Hale, Sr., A. O. Caruthers, R. M. Isler, Dr. J. M. Hubbard, R. L. Bradley and Judge W. H. Ambler, Directors.

Dr. Hubbard succeeds Judge B. T. Davis as president, the latter desiring to retire from the office; and Mr. Ramage, who was assistant cashier, succeeds Mr. Travis as cashier, both being re-elected.

It is needless to say this is a splendid lot of officers, capable, conservative, progressive men who may confidently be relied upon to safely administer the affairs of this important and growing institution. Incidentally, the officers are gratified with the healthy increase in the volume of business during the year just closed.

All persons having claims against the estate of C. B. Bacon are hereby notified to file same with me on or before March 1, 1919, or be barred. All persons indebted to the estate are notified to make settlement at once. A. C. Bacon, Administrator.

RESCUE OF AIRMEN FROM THE SEA

"OVER THE TOP."

38 States Dry; More Than Needed for Making Nation Dry.

Ratification Thursday of the federal constitutional prohibition amendment made the United States the first great power to take legislative action to permanently stop the liquor traffic.

Nebraska's vote gave the necessary affirmative three-fourths majority of the states to make effective the amendment submitted by Congress in December, 1917. It was followed by similar action in the Legislature in Missouri and Wyoming, making 38 states in all which have approved a "dry" American Affirmative action by some of the state legislatures yet to act is predicted by prohibition advocates.

Under the terms of the amendment the manufacture and sale of intoxicating liquors must cease one year after ratification but prohibition will be a fact in every state much earlier because of the war measure forbidding the manufacture and sale of absolute beverages after June 30 until after demobilization of the military forces is completed. Under the war time measure exportation of liquor is permitted, but the great stock now held in bonded warehouses will have to be disposed of before the federal amendment becomes effective.

Discussions as to whether the new amendment becomes a part of the constitution now that 38 states have ratified it or whether it becomes a part of the basic law only when each state has ratified its action to the secretary of state led to a search for precedent which showed that the only two amendments ratified in the last half century—providing for income taxes and direct election of senators—were considered effective immediately after the 38th state had taken affirmative action.

Senator Sheppard, author of the prohibition amendment, held that in that prohibition becomes a permanent fact January 16, 1920.

"This will form an epoch in the history of our country of tremendous import, of far-reaching potency. Prohibition has caused the death of more men than we ever lost in any war; has cost more than all the Liberty Loans; paid heavy taxes and created a liability in crime and court costs more than the revenue derived from it; bred misery, poverty, scandal, insanity, vice. There are ten thousand logical reasons against liquor and not one in its favor. Putting liquor off the map is the most glorious single achievement in the history of the United States, as effecting the betterment of citizenship."

Here are a few things that the prohibition amendment will do:

- Wipe out at a stroke 236 distilleries, 262 breweries and over 300,000 saloons and wholesale liquor houses, forcing their employees to seek decent jobs.
- Cut off from these persons an annual income totaling more than \$70,000,000 in pre-war times, which will now go to make happiness rather than misery.
- Remove the liquor question from national, state and city politics for all time and help decrease city, state and federal expenses by decreasing law violations.
- Improve public health and increase longevity to the economic value of billions of dollars.
- Bring about a rapid decrease in many forms of insanity.

Many of Fulton county farmers are now using printed stationery and many are not. If a farmer expects to develop a business of selling produce to managers he will find it advisable to use printed stationery bearing the name of the farm with envelopes to match. If the farm is not named, an appropriate name should be selected, simple though attractive and businesslike, and should be printed without much cost. It should give the name and location of the farm, the farmer's name, and a simple statement of the business.

DOING ITS BEST.

The Government Reducing Expenses as Fast as Possible.

In a letter to W. C. Reed, county chairman of the Liberty Loan organization, W. R. Compton, Federal Director of War Loans, of St. Louis, writes:

"There has been a good deal of complaint over the country that the Government is not reducing its expense account as fast as possible. I think few realize the tremendous disbursements which the Government finds necessary at this time, notwithstanding the fact that war-like activities have ceased. If we will bear in mind that the United States has some 2,000,000 men in France and that it is utterly impossible to bring these men back with greater rapidity, owing to the shortage of ships; that this vast army must be clothed and fed; that the demobilization from our own armaments, while proceeding rapidly, cannot be accomplished without grave disturbances to the economic conditions of the country except through a gradual process; that furthermore our Government was obliged, during the various prosecutions of the war, to make contracts, almost regardless of cost, for supplies, munitions, equipment, buildings and ships; that the majority of these contracts are now in the process of adjustment and will for tremendous orders of capital at the moment, we will realize that there is no room for undue criticism."

"We are sure that the Government is doing everything possible to lighten its expense account and, if the burden were on our shoulders, I am doubtful if we more quickly could bring order out of the chaotic condition of affairs incident to the war. That war is wasteful is self-evident—wasteful of men's lives, of the labor of the country and material of all classes."

"We are sure that the turning point is not far distant and that we may look forward in anticipation that before many months have past, the tremendous strain of the Treasury will have been relieved."

DON'T MISS IT.

Farmers' Week at Lexington Will Be Profitable.

The Plant Disease Survey, in the State of Kentucky, is planning to give an exhibit at the coming Farmers' Week, to be held at the University at Lexington, beginning Jan. 28.

The object of the exhibit is purely educational. They expect to have on exhibit the various kinds of parasites which cause the great losses to the various farm crops.

Do you know the different kinds of snails? If not you should be sure to go and look over the exhibit. It is all free and the more of the information you carry away with you, the better you are off. Do you know what constitutes the Barberry has with the rust formation on wheat? If you do not, then you cannot afford to miss that part of the exhibit.

Do you know what to spray with to control the different apple diseases, as bitter rot, black rot and scab? Then there is another good reason why every one should make a special effort to see this exhibit.

The Plant Survey does not charge anything for its services, and considers it a great favor to have specimens of plant diseases sent in for examination. If any citizen of the state wants information on how to control diseases, where to buy materials for spraying, then call on the State Collaborator of the Plant Display Survey, Prof. Frank T. McFarland, the Collaborator in charge for the State of Kentucky, and he will consider it a favor if specimens for identification are sent to him, in care of the University of Kentucky.

In sending in specimens for examination and identification be sure to send in ample material for examination.

The Man Who Buys Cheap Goods To Save Money, Is Like The Man Who Stops The Clock To Save Time

There is no consistency in the act of a person who attempts to save money in the purchase of drugs or the compounding of a prescription. In some lines of business price may well be featured as a talking point, but in the drug business, quality, regardless of price, should be the main consideration.

We handle pure, potent drugs and guarantee the quality of everything sold, and the prices which we charge are as low as those asked elsewhere for a similar quality of goods. The same high standard which we place on drugs also applies to our drug sundries and various side lines.

If you are a careful buyer we solicit your business.

COURT IN SESSION.

January Term Fulton Circuit Court Convened Here Monday.

Circuit Court convened here Monday for the regular January term. Judge Frank Gardner presiding and Hon. Ben S. Adams, handling the prosecutions for the Commonwealth. Juries were empaneled Monday, with an especially strong charge to the Grand Jury from the Court. The docket for this term was smaller than usual and indications are it will be fairly well cleaned up before court adjourns. Several indictments have been turned in up to this morning.

Homer Scott, branch of the peace—2 cases—fined \$10 in each case.

Henry Landale, maintaining a common nuisance, fined \$100 and costs. He was charged with running a combination pool and dance hall, restaurant, barber shop, etc., and permitting his place to be frequented by drunk and disorderly people. An electric piano also contributed to his downfall.

Jack Moore, violating the local option law, fined \$50 and sentenced to ten days in jail. He was convicted of procuring liquor and furnishing same to Pat Freeman.

Henry Higgins, maliciously shooting with intent to kill, fined \$100 and costs. He had a difficulty with Ed Evans in this city last August and shot Evans in the leg.

Otis Newton, feloniously violating the local option law, sentenced to a year and a day in the penitentiary. This was, of course, his second conviction; the first occurring in the Fulton Quarterly court in Sept., 1917, when he was fined \$80. He is the second man in Fulton county to be convicted a second time of this crime and to receive a penitentiary sentence.

Jennie Watkins, maliciously shooting, sentenced to the pen for a year and a day. She shot another negro woman—Essie Gilbert—last July, but the wound was only slight.

Alfred Buchanan, grand larceny, acquitted. He is the young man who took Dr. Baker's car some time ago, but proved he was sent here for a car owned by another and simply got the wrong machine. Dee Pearson and Dee Warnack, also charged with complicity in the case, were dismissed.

John Darnell, assault and battery, failed to plead and was fined \$100 and costs. He is alleged to have beat up W. R. Carrigan with a revolver last September.

John and J. Darnell, grand larceny, dismissed.

Jas. Kirk, forgery, continued.

This is the total of Commonwealth cases disposed of up to this morning. The present term is one of the few in the past 15 years when there was not a murder case to be tried.

N. C. & St. L. Ry., failure to provide suitable waiting rooms and toilet at the Hickman depot, dismissed.

HERO RETURNS.

Geo. Cook, Wounded in the France Fight, Home Again.

George Cook, an old Hickman boy, arrived home this week from France, where he did honor to himself and his native town in the famous fight at Tismos, last August. George received an explosive bullet in his right hand while going over the top on Aug. 11. The hand was badly shattered but he did not know it until he raised his right to shoot a Hun who was charging on him with a bayonet. Finding his hand out of action, he called to a comrade by his side to shoot and the Hun fell, and a moment later the boy who saved George also fell. His company went over the top three times one afternoon, and at roll call it was found that only 17 men remained out of a company of 250. George was wounded about 5 o'clock in the afternoon but did not receive medical attention until 11 o'clock that night. Unfortunately, Mr. Cook will have a stiff thumb. He had previously been shot through the muscle of the left arm, the bullet coming from a machine gun in an airplane.

For a number of years previous to entering the service George was with E. R. Ellison's Variety Cash Store and is well known throughout this section. His experiences in France were many and varied, and we hope he may be induced later to tell our readers about them through the columns of our Courier.

Welcome home, Geo.

SPECIAL TRAIN.

Takes Physician to Bedside of Mrs. Townsend and Baby.

From the Clarksdale, (Miss.) Register of Jan. 17, we clip the following item:

"A special train was provided last night for Dr. J. W. Gray who was called to Baltzer to attend the wife and baby of Mr. J. E. Townsend, who are ill with influenza and pneumonia. Dr. Gray reached Baltzer in time to render timely assistance and when a Register reporter called him up this morning to find out how his patients at Baltzer were, he stated that they were some better. The doctor made the trip without mishap and returned to the city some time after two o'clock this morning. Mr. Townsend is a member of the mercantile and plantation firm of Maddox & Townsend, of that place." Mr. and Mrs. Townsend are former Hickmanites. We trust they have all recovered ere this.

INCOME TAXES.

Some Pointers on How to Make up Your List for 1919.

Here it is, direct from Josh Griffith, the big bug of internal revenue collections for this district, and for future reference, we advise you to clip this article:

"The big Income Tax drive of 1919 is now under way, and every preparation is being made to handle the largest collection in the history of Income Tax. 'I am not waiting for the final passage of the new Revenue Bill by Congress,' said Collector Joseph T. Griffith today, 'for the new regulations and blank forms to be issued. To get this big tax in and get it on a rate and complete, I urge that we all begin now.'

"The income tax obligations imposed by the old laws, as well as the measures now in Congress, consist of two distinct operations. One is, to the return or statement of all incomes of income and items of deductions allowable by law, and to do this within the period named in the law. The other is, to pay the tax, if any is due."

"Neither of these obligations can be met without a careful review of income and expenditure for the tax year. That is the big job right now, and that is why I say the Income Tax drive is already under way. Everywhere the pencil is busy. The old year is done, all its fruits are gleaned; and every person who faced well, or earned a good competence, must analyze their own business."

"When the new bill is enacted into law I will have the proper return forms distributed throughout this District, and every body will be informed of the date when the sworn return must be filed. It is my plan to send my men out to central locations, and to have them travel through the district, aiding taxpayers in the preparation of the returns and in deciding doubtful points. We will go right to the people with the Income Tax, and with the cooperation which the public can give the government men, the returns will be filed by every body who comes under the law's provisions, the right taxes will be paid, and the District will have done its full patriotic duty toward the government's support."

"Moreover, let me say again, there is no need of delaying the preparation of figures. Anything that Congress does now will not affect the amount of a person's earnings for 1919. Let us avoid the belated juggling together of figures that may 'hit or miss.' Guesses cannot be accepted as the basis of taxation. It is clearly the duty of every person to compile correct figures and ascertain whether his income for 1919 was sufficient to make necessary a sworn return."

"The year 1918 was a bumper year for salaries and wages, and the high war prices brought unusual prices to the average small tradesman and to the farmer. The opinion in Washington is that a million citizens and residents will make this year their first income tax returns."

"All signs indicate that the Income Tax this year will reach nearly every working man and woman, and nearly every merchant, shopkeeper and farmer. Not all will have to pay the tax, but nearly all will be obliged to make a sworn statement of the year's income."

"I am therefore advising every unmarried person who earns \$1000, or over during the year 1918, and every married person, who together with wife or husband, earned \$2000, to sharpen his pencil and figure out how he stands."

"The most ascertainable accurately his income from all sources. There's his salary or wages, including overtime pay and any bonus received as additional compensation. A married person having children under 18 who are working should include the earnings of such children."

"If he sold any property at a profit, the gain must be computed and included in gross income. If he rented any property to other persons, the total rents received in the year must be ascertained, and from that figure a deduction may be taken for taxes paid on rented property, the necessary minor repairs, the insurance, any interest he may have paid on mortgage, and a reasonable allowance for the wear and tear of the rented property. The balance is included in gross income for the year."

"Interest on bank deposits, whether withdrawn or added to his bank balances, must be included in all calculations of income. Bond interest received during the year must also be included, except interest on Municipal, County or State bonds. Interest on United States bonds need not be included by the ordinary bond holder who purchased small amounts. Holders of large amounts of Liberty Bonds, however, should ask their bankers to write to my office for the rule applying to tax on such interest."

"Dividends on Stock Shares are income, and must be included in the gross figures, although the law does not impose the normal tax on distributions made by domestic corporations."

"A person buying and selling merchandise must find his profits for the year on the following basis: First ascertain the total sales or cash receipts. Then add together the inventory at the beginning of the year and the purchases of goods for resale. From this latter sum subtract the inventory of goods on hand at the year's end, and the result is the cost of the goods sold. This cost, plus necessary expenses incurred solely through conduct of the business, is to be deducted from the gross sales, and the result is the net earnings of the business."

"A professional man arrives at his professional income by ascertaining the total of fees for services and deducting therefrom all expenses directly and solely with his practice."

"A farmer must figure up all income derived from the sale or exchange of products during the year, whether such produce was raised on the farm or purchased and resold. He is allowed to deduct from this total his expenses of the year connected with the planting, cultivation, harvesting and marketing of the crop, or the care, feeding and marketing of live stock. UNUSUAL WEATHER

Past Two Weeks Almost in Class With Early Spring.

People who left Hickman to spend January in Florida and other winter resorts have squandered their money. So far the weather we've had this month has been all we could ask and compensates for the grudge we held against the weatherman for the stuff he piled off on us last January. The temperature for the past two weeks has been about 60 degrees, ranging between 40 and 65. Many places of business as well as homes have found it unnecessary to have fire in their heating stoves, and what few overcoats one sees is merely force of habit.

As a whole, there has been practically no winter weather here this season, especially as compared with the long, intense bitter cold of last year. Still, one would be justified in entertaining more or less suspicion regarding next month.

Asking for continuances on account of absent witnesses and other excuses provoked Judge Gardner, Tuesday in circuit court, to give the lawyers and others interested in litigation a sharp reprimand for their negligence, which, he pointed out, is the fact that it costs considerable money to run the court, and these delays contributed to largely increase expenses. Further, the court from now on would grant continuances only on bona fide grounds. The proposition of witnesses and plaintiffs attending court at their pleasure would stop; cases would be tried in their order and lawyers and clients alike would find it to their interest to get business ready. The Judge's patience has been sorely tried in Fulton county as a result of dilatory methods established and practiced here, and he is to be commended for setting up a process of elimination of this evil. When witnesses die of old age, on account of cases being continued, there is little danger of convicting the fellows charged with high crime. We need a change.

The Red Cross work room is now closed, the shipment of the last articles ordered being made this week. The organization wishes to thank all who have so generously responded to the call for aid. No more work will be done until ordered by headquarters. More refugee garments may be called for later. Thanks are due Mrs. Ben. Posey and Mrs. D. B. Powell for \$15.00 contributed to the Red Cross, which amount represents the proceeds from an entertainment given in West Hickman.

Russell Hinson, reported last week as among the wounded in France, is a son of Geo. Hinson, of the Rogers school district. As Hinson's name did not appear among the Fulton county draft records, he evidently was inducted into the service through the Olton county board.

Don't overlook the Armeluan and Syrian Relief Fund drive. The campaign opens January 26th and closes February 2nd, volunteer days being Saturday and Sunday, Jan. 25th and 26th. Fulton county's quota is \$1908. Let's go over the top again. Your contributions will be greatly appreciated by those starving people. S. M. Natch is chairman for this county—make your checks payable to him.

Mrs. Kate Glenn and son, Marshall, of Woodland, came over Tuesday to visit Mrs. R. Y. McConnell. Mr. Glenn has just arrived home from France without a scratch.

ANNOUNCEMENTS.

We are authorized to announce the following candidates, subject to the action of the Democratic primary election August 2, 1919:

For Representative

OTE PIPER
(Re-election)

FROST TO RUN.

Senator Will Make Race for Office
Commissioner Agriculture.

The Louisville Post says: "W. A. Frost, of Wingo, Ky., who served two terms as State Senator from the First Senatorial district and was a member of the State Tax Commission in 1912-14, has decided to make the race for the Democratic nomination for Commissioner of Agriculture. Senator Frost will in a few days issue a formal announcement to that effect. "Senator Frost is the recognized leader of the largest Democratic district in the State, and if he is nominated, his presence on the ticket is expected to lend it much strength. He has led the fight for the temperance forces in the Senate for four sessions, beginning with the local option, county unit battles, until he achieved the victory of the State-wide prohibition amendment last January. "He has been mentioned for some time as a prospective candidate for the office, but at first had no intention of running. Letters from Democrats all over the State urging him to run have influenced him in making his decision."

NEW TOLL RATES.

Telephone Companies Given New Toll Rates by Burleson.

New toll and long distance telephone rates throughout the country became effective Monday night, effecting all companies. The rates are made by Postmaster General Burleson, who has charge of the telephone and telegraph business of the country as a war measure. Under the new rates there will be a basic charge of six and one-quarter cents a mile for long distance calls, with half the day rate for night service up to midnight and one-fourth the day rate between that hour and 4:30 o'clock in the morning.

So far as Hickman is concerned, we do not know whether we are helped or hurt; there being both advances and decreases in the old rate. Following we give rates both old and new from Hickman to principal points around us:

Hickman to—	Old	New
Fulton	25c	15c
Mayfield	30c	30c
Nashville	85c	90c
Paducah	45c	40c
Tiptonville	30c	25c
Union City	15c	10c
Memphis	15c	75c
Martin	25c	25c
Clinton	25c	15c
New Madrid	50c	25c
Louisville	125c	145c
St. Louis	125c	105c

Add to this 5c war tax for each message costing over 10c. The above rates are "station to station" charges; "person to person" and "appointment" rates come higher.

Hunter McDonald and W. G. Templeton, N. C. Ry. officials, were here on their private car Tuesday looking over the improvements being made on the depot at Hickman.

OVERWORKED,
TIRED WOMAN
TOOK VINOL

Now She is Strong and
Hearty

Philadelphia, Pa.—"I was overworked, run down, nervous, could not eat or sleep. I felt like crying all the time. I tried different remedies without benefit. The doctor said it was a wonder I was alive, and when Vinol was given me I began to improve. I have taken eight bottles and am now strong and perfectly healthy in every respect, and have gained in weight. I can not praise Vinol enough."—Mrs. Sarah A. Jones, 1025 Nevada St., Philadelphia, Pa.
We guarantee Vinol to make overworked, weak women strong or return your money. Formula on every bottle. This is your protection.

VICTIM PNEUMONIA

Walter Oliver Dies Sunday at His Home in Liberty Section.

Walter Oliver, a well known and popular young farmer of the Liberty neighborhood, died at an early hour Sunday morning, following a short illness of pneumonia. He had previously had the flu and was convalescent but suffered a relapse, resulting in pneumonia.

Mr. Oliver was 33 years old and a son of J. T. Oliver. He had been married about 2 years. For several years he had been a consistent member of the Methodist church at Ebenezer. Besides his wife and father, Mr. Oliver is survived by four sisters—Miss Ethel Oliver, Mrs. Mary Campbell, Mrs. Edna Lee Brown, Mrs. Richard Mansfield, and a half sister, Mrs. J. W. Naylor; and one brother, Glen Oliver.

Funeral services were conducted at the family residence by Rev. W. T. Holly, of Carey, burial following at Ebenezer. On account of the illness of other members of the family, the remains were taken to the home of the father, where another brief service was held. Only three of the sisters were able to attend the burial, all the remainder of the family being ill, principally with the flu.

In the death of Mr. Oliver, his community loses a fine young citizen.

No Worms in a Healthy Child

All children troubled with worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC gives a child, for two or three weeks, will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the child will be in perfect health. Pleasant to take. 60c per bottle.

FIRST IN VALUES!!
Leibovitz Suits at \$20.00 to \$32.50

Ability! I've exercised it in assembling a most comprehensive exhibit of suits for men and young men. I've been critical in styles and exacting in all the elements which make for quality, workmanship, and fit.

Men who appreciate high class tailoring, and understand the fine points of designing, will recognize the goodness of the clothes I am now showing.

Ample provisions have been made for the soldiers who are again going into action as civilians; I've planned carefully all my resources and long experience have been exercised in securing the qualities the styles, and values returning soldiers want and need.

I have just received some new early spring suits—the models and styles are right, and the patterns are in keeping with the business spirit or youthful aggressiveness.

See the values I am now showing—They have no equal.

BONDS FOR SALE.

Government Offers Farm Loan Bonds at 4 1/2 Per Cent Interest

Federal farm loan bonds may now be bought from each of the 12 bond banks under a new treasury policy ordered by Secretary Bliss modifying the former plan by which farm loan bonds were to be absorbed by the treasury and kept off the market until after all liberty loans are floated. About a million dollars of these bonds have been sold by the federal land banks since January 1, when the new policy was adopted.

The bonds bear 4 1/2 per cent interest, sell at one-half per cent above par, and are exempt from federal taxes.

Smith & Anderson are offering some special values in their big January Clearance Sale. Prudent, economical shoppers will find it to their interest to read carefully the firm's big ad in this issue.

You can buy on easy terms and at your own price all kinds of up-to-date farming implements at the Syd. Dodds sale at Hickman, Saturday, Feb. 1st. See his ad elsewhere in this issue.

From Suffering by Getting
Her Lydia E. Pinkham's
Vegetable Compound.

Pittsburgh, Pa.—"For many months I was not able to do my work owing to a weakness which caused backache and headaches. A friend called my attention to one of your newspaper advertisements and immediately my husband bought three bottles of Lydia E. Pinkham's Vegetable Compound for me. After taking two bottles I felt fine and my troubles caused by that weakness are a thing of the past. All women who suffer as I did should try Lydia E. Pinkham's Vegetable Compound."—Mrs. JAS. ROEBERG, 629 Knapp St., N. S., Pittsburgh, Pa.

Women who suffer from any form of weakness, as indicated by displacements, inflammation, ulceration, irregularities, backache, headaches, nervousness or "the blues," should accept Mrs. ROEBERG's suggestion and give Lydia E. Pinkham's Vegetable Compound a thorough trial.

For over forty years it has been correcting such ailments. If you have mysterious complications write for advice to Lydia E. Pinkham Medicine Co., Lynn, Mass.

DODDS SELLS OUT.

Pioneer Lumber Dealer Sells Business to Hale Lumber Co.

W. A. Dodds, one of the pioneer lumber dealers of Hickman, closed a deal this week with the Hale Lumber Co. through which he transfers his lumber business to the latter firm. The deal includes the lease of certain sheds and portions of the Dodge yards.

Mr. Dodds started in his present line of business here some sixteen years ago and has been eminently successful. He tells us the late J. E. Pappas purchased for him his first stocks.

The purchasers of Mr. Dodds' business are by no means novices at the lumber trade, having been in the business here for a number of years. Gray Hulse, Jr., active head of the Hale Lumber Co., feels that the change will enable him to better serve the public, inasmuch as the cost of operation will be reduced to the expense of one overhead cost, and the saving passed on to the consumer. Fortunately, the yards are just across the street from each other and one management can handle both.

While his many friends regret that Mr. Dodds is no longer actively engaged in the retail lumber in Hickman, he has other varied interests to which he will devote his time, and merely shifts a portion of the burden of his business responsibility.

FIRST METHODIST CHURCH.

Members of the church, Epworth League, Missionary committee, Sunday school, prayer meeting, do your best. The pastor will occupy the pulpit at 11 a. m. and 7 p. m. Sunday school at 10:15 a. m. Watch the Men's Bible Class and the prayer meeting grow, and look out for that Missionary Committee. The Epworth League is going to show us something, too. It will meet at 6:15 p. m. At the morning hour a three-minute address will be made by each of the following young men: J. R. Brooks, Milton Spradlin, Mack Reid, Bramley Thurnell and Karl Talley.—R. C. Doughess, Pastor.

For Sale: Range Stove, five Heating Stoves, 3 in. Wagon, 3 Log Wagons, Farming Tools, some nice Meat Hogs, 22 head of Mules and Horses, one No. 1 Family Mare, Winchester Pump Gun, 2 1/2 C. Smith Shot Guns and other kinds of guns; Buggy and Harness, good 10-foot Skiff, 9x10 foot Barge, Axes, Cross-cut Saws, Bicycle, all on easy terms. See me for what you need.—R. R. Rogers.

Herbert Langford arrived home from Jacksonville, Fla., Saturday to spend a few days with home folks. Herbert has been in the U. S. Medical Corps and received his discharge. Later he will go to Sheffield, Ala., to resume his former position with the express company.

A few plows have been running in this section this week and the ground "broke up" just as nice as in spring.

A REAL TREAT.

Haboush, the Galilean, Delivers Three Fine Lectures Here.

Stephen A. Haboush, a native Galilean and former shepherd, delivered a series of three lectures here, beginning Sunday night. The first was at the Methodist church and fully a hundred people could not get standing room. The others were heard by large audiences at the court house. He brought to us vivid, first-hand pictures of the Holy Land, its people and customs, which were intensely interesting. His lecture was supplemented by motion pictures. Those who missed hearing Haboush missed a real treat. While a native of Syria, he was educated in American schools and has a splendid command of English and unusual talent.

Don't forget the Syd. Dodds sale Saturday, Feb. 1st. This will be an opportunity to buy good farming implements at your own price.

Best service and accurate work at lowest prices is what we offer you.

FIFTH LOAN.

Big Drive to be Made Last Three Weeks in April.

Only one more big war loan drive is planned by the Treasury Department. Secretary Glass has announced. This will be the Victory Liberty Loan to be started probably the last three weeks in April and for not more than \$1,000,000,000.

Whether the interest rate will be higher than the 4 1/2 per cent borne by the last issue depends partly on the movement of the market price of liberty bonds during the next two months. The bonds will be of short maturity—in the neighborhood of five years.

IN OPERATION.

N. C. New Electric Hoisting Device Started up Yesterday.

The first truck load of corn came off the boat and up the incline into the new N. C. & St. L. Ry. grain warehouse yesterday at 1:30. This commences a project that was started over a year ago, and is now in successful operation.

Two tracks run down the incline from the warehouse to the river, and on these tracks are trucks which are drawn by an electric motor. Whether the river be high or low makes no difference, the cables being adjustable. It requires 2 1/2 minutes, on the present stage, for a truck to come from the water to the warehouse, and each truck carries 30 or more bushels of corn at a time. The warehouse is situated so that corn may be trucked straight through into cars or stored in the building. This will be especially advantageous when there is a car shortage, as boats may go right ahead and not have to wait for cars. The convenience, too, of handling corn here will make Hickman more attractive to shippers and bring grain here that has formerly gone to other points. Local buyers are delighted with the new project, as it is a great labor-saver, consequently cutting the expense of handling stuff.

MARRIAGES.

The Following Licenses Have Been Issued by County Clerk Henry.

Jan. 16—J. R. Hitchens, age 40, and Mrs. Cynthia Lowery Allen, 22, of Fulton. Both have been married before. The groom is a farmer.

Jan. 20—Rutha Singleton, 20, son of O. L. Singleton; and Mrs. Mary Harris, 21, daughter of — Dunlap. Both of Hickman. Groom's occupation, laborer.

QUARTERLY COURT.

Following are Cases of Interest Tried Since Last Report.

Clarence Ferrell, colored, charged with perjury, dismissed. The warrant charged him with trying to obtain a license to wed a girl under 21. Ben Underwood was also arrested in connection with the same charge, but it developed then had not been under oath and was released.

Miss Lovie Smith, breach of the peace, failed to plead and was fined \$11.

Since last September Judge Shair has assessed fines in the Quarterly court amounting to \$836. Costs of court were extra; and that amount of money was turned over to the state. On this basis the court assesses around \$2,500 a year in fines.

On Coal and Coke Regulations and Prices February 1st.

Col. C. L. Walker, chairman of the Fulton County Fuel Board, advises us that restrictions and price regulations on coal and coke are to be removed after February 1st. He is in receipt of the following worded telegram: "Dr. Garfield announced today that all Zone and price regulations on coke and coal except Pennsylvania Anthracite, will be suspended February 1st. This refers to mine prices, wholesalers' margins, purchasing agents' commissions and retail margins and prices. Notify County Fuel Committee and give widest publicity."

CHRISTIAN CHURCH.

(Services at Court House)
We are planning to make this the last regular service at the court house and the last one. At 9:30 we begin Sunday school and Geo. L. Salvoly will give an illustrated lecture to the whole school instead of the regular study period. This will be highly interesting to young and old alike. Last Sunday there were 118 present, and nearly everyone on time. This was a big attendance when we consider how many of our faithful ones were kept away on account of sickness. The women still are a little ahead in the contest but the men are just beginning to wake up. Morning sermon at 10:30 by Bro. Salvoly, "A Soldier's Farewell." The court house should be filled for this sermon. His night sermon will be, "Thou art not Real." Everyone is cordially invited to these services.—E. L. Milby.

J. J. C. Bonbrant is still very low.
For Rent: I have nice rooms for rent in good location. Price reasonable.—Miss Jessie Outin.

The river has dropped rapidly in the past week, falling fully 10 feet since reaching the 41 foot stage.

N. L. Dary, for 15 years lumber granger at the Mengel factory, is dangerously ill at his home in West Hickman. He has pneumonia.

Misses Carmen Collins and Esther Patrick, of Milan, Tenn., were the guests Tuesday and Wednesday of Mrs. J. O. West, also attending the dance Tuesday evening.

Up to yesterday County Clerk Henry had issued a total of 281 dog licenses in this county. According to the records there are still something over 600 dogs that have not had license fees paid on them.

SAVE \$6000 A YEAR.

Fiscal Court Finds Owning Truck Will be Good Investment.

Among other matters before the Fiscal Court, in session here last Thursday, the proposition of buying a truck for the county was considered, resulting in the court being convinced that it would be a splendid investment to own one. In round numbers, it cost the county last year \$10,000 to make repairs on bridges, culverts and do odd jobs in general on the county roads. It was figured that by owning a truck with which to do this hauling, carry tools, etc., and the employment of three competent men—instead of 75, as heretofore—all this work can be done for less than \$4,000. For the sake of argument, the men were figured at the excessive wages of \$5.00 each per day and truck up-keep at \$150 a month, and the men kept steadily employed eight months in the year. These figures as any school boy can readily see, will result in a saving to the taxpayers of around \$6,000 a year; and the chances are the jobs will be better done, as men doing one particular line of work become more efficient than 75 men each doing one repair job a year. A committee of the entire court will look after purchasing the truck, but it must not cost to exceed \$2,500. The truck will also be handy for carrying fuel and supplies to the tractor grader outfit.

The court also authorized a committee composed of Essie Hamilton Shaw and S. M. Powell, to buy a team, not to exceed \$300, to be used on the county farm and for such other purposes as the county's need might require. The prime object in owning a team is to use it in raising produce on the county farm, which will tend to make the colony out there something like self-sustaining as regards food.

OBITUARY.

Walter Jackson Oliver, son of P. J. and Emma Oliver, was born October 3, 1885. Was converted under the ministry of Rev. R. M. Walker and joined the Methodist church at Ebenezer, in which relation he remained until death. On December 24, 1916 he was married to Miss Mabel Chambers, and this union proved to be one of old-fashioned true love, and two more congenial spirits were seldom met. Scarcely had the best been launched on life's ocean, bearing these two faithful lovers, the vista of time loomed up brightly on life's horizon, but alas in our drowsy we awoke and read "He cometh forth like a flower and is cut down; he beeth also as a shadow and continueth not."

Bro. Oliver contracted double pneumonia January 15, and on January 18, 1919 he departed this life. Age 33 years, 3 months and 15 days.

He leaves a young wife, aged father, five sisters and one brother who mourn their irreplaceable loss. We laid his body to rest in Ebenezer cemetery beside his adored mother, there to await the resurrection morn.

Miss Elizabeth Glenn, who has just finished a very successful school term at Taylor, will begin teaching at Bonbrant on Monday, the 27th.

The Department of Education at Frankfort is sending out to all teachers agricultural bulletins and instructions regarding the examination on the subject of agriculture. As questions have been asked concerning the bulletin recently sent out by the Western Normal, we again make mention of the fact that the term "rural school" applies to all graded and county schools. As the matter now stands the teachers in all the larger graded schools over the state will be required to take this examination in agriculture. Should a different ruling be made at Frankfort before the May examinations, the teachers interested will be notified.

the eyes and tongues of this circle
cannot smother their happiness
until they are one to defy a petty

Interesting Letter.

Dec 20 1918

Editor of the Hickman Courier:
Dear Sir: While looking over a copy
of the Hickman Courier, which we ap-
preciate very much, we saw quite a
list of Fulton County boys' names in
service over here. As Tom Bivens' name
and mine were in the list we
decided to write a short article telling
of our experiences over here. Leav-
ing Hoboken on Aug. 14, we had quite
a nice trip across the pond. We had
fine weather and neither of us were
sea-sick, although we of course were
feeling a little blue. Saw no subma-
rines, although it was reported that
one of our ships sunk one the second
day out. Quite a little excitement was
caused one day by a ship of our con-
voy firing three shots at some suspi-
cious thing they saw. Of course at
the first shot we all thought "subma-
rine" and grabbed our life belts, but
nothing happened. One day we saw
a mine that had broken loose from its
moorings, but as it was harmless we
passed it without any notice. We saw
many large fish and were especially
amused at the antics of the dolphins
and flying fish of which we saw quite
a number. They were about four feet
long and we could catch them playing
away off, jumping clear out of the
water and swimming at great speed
they would soon be out of sight. Also
noticed great quantities of sea weed,
and one day Tom Bivens and a num-
ber of the boys saw a whale. At night
the moonlight on the water was beau-
tiful, the moon as it came up throw-
ing a path of light across the water,
as it rose higher in the heavens the
pathway grew wider and the destroy-
ers in our convoy passing back and
forth through it made a picture we
shall never forget. We landed at
Brest, France on August 26th after
a twelve day trip on the water, and
we were sure glad to feel the ground
once more under our feet.After our landing we marched to
a rest camp (located on the rest) ask-
ing of our boys who have come back
what a rest camp is, then you will see
why we say "rest camp." From the rest
camp we were put on the train and
sent to a small French village called
Pimelles. Our train was all pullman
coaches—box cars—and the view from
them was fine. We were packed in
them forty in a car. Spending three
weeks at Pimelles in gas training we
were sent to a French training camp
for further intensive training. On
October 9th we left the camp for the
front, our first front was the Metz.
We were billeted at Montville, a
small village about 14 miles from
Metz. We were at Montville about
three days when the Germans found
out we were there and began shelling
us. Tom Bivens said that the G. I.
cans sounded like the bells that Capt.
Lawrence McKenna used to give him
when he was on the boat on the Mis-
sissippi, only he would have liked to
have heard the bells on the boat very
much more than the sound of the
shells. After being at Montville we
were moved to another front about 20
miles away. This time we were quar-
tered in a town called Bouillonville
which only a short time before had
been held by the Germans. While
there we saw a German airplane
brought down by one of our men. It
was one of the most thrilling experi-
ences of the war for us. The German
plane was flying over our lines
about a mile high. Our air craft gun-
ners fired at him, the shells were
bursting all around him. First we
would hear the report of the gun, then
the report of the shells, and would see
close to the plane a cloud of smoke.
The fire became too hot for the little
Fritz and he started back home
when from the clouds above him one
of our planes dropped down and cut
off his retreat. In less time than it
takes to write this story of the battle,
all was over and the Kaiser was nil-
lus one man and a plane. We were at
Bouillonville until the day the armis-
tice was signed, although some of our
company had gone to Janting where
we are now billeted, which at the time
was about one kilometer from the Ger-
man front line trenches.There are several Kentucky boys in
our company and we are all anxious
to be back in the Blue Grass country,
and we think it will not be long before
we will be over there instead of over
here.We remain as ever, Yours truly,
Matt Berger and Tom Bivens, Mor-
tuary Amb. Co. 26, A.E.F., A.P.O. 785.
We are also enjoying good health.**GIRLS! LEMON JUICE
